Senior Trainees on Coding

2016-1-BG01-KA204-023736 - (1/10/ 2016 – 30/09/2018)

- Erasmus+ project - Strategic partnership for Adult education

- Duration: 2 years

- 7 European partners from: Austria, Bulgaria, Italy, Poland, Portugal , Romania and Slovenia which seeks to improve the quality of life of people 50+

WHAT IS SILVER-CODE?

[SILVER
CODE]

Coordinator:

Bulgaria- Znanie Association, Sofia

Partners:

Austria – Die Berater, Vienna

Italy – Eurocrea Merchant, Milano

Poland- The University of The Third Age, Wroclaw

Portugal – AidLearn, Lisbon

Romania – University of Politehnics in Timisoara

Slovenia – Third Age University in Lublijana

PARTNERSHIP

[SILVER CODE]

SILVER-CODE aims to train elderly people to improve their digital skills and, specially, on learning basics of coding, in order to better adapt to digital-oriented changing world and to improve their quality of life.

- Active ageing
- Improvement of personal skills
- Favoring active participation and better understanding of the digital world
- Promotion of non-formal and informal learning
- Improved intergenerational learning and safer usage of ICT

OVERVIEW

[SILVER
CODE]

- ✓ Development of a training course for coding for elderlies, delivered by professional lecturers (for theory and general supervision) and youngsters, possibly ICT students, expert on coding, acting as "tutors"(for the practical sessions).

- ✓ Creation of a "Silver Coding" community based on tools such as platform, forum, social network groups

- ✓ Peer-to-peer events where trained elders will become trainers themselves of fellow elders, introducing them to the basics of coding

OBJECTIVES

[SILVER CODE]

- 50+ people interested in coding

- People in retirement

- Youngsters willing to be tutors in coding training courses

TARGET GROUPS

[SILVER CODE]

- Conducted research about interests in coding of people 50+ - 420 participants

- Development of B-learning platform with training materials

- Piloting course in coding for elderly - 210 trainees

- Creation of "Coding Community "

OUTPUTS

[SILVER
CODE]

Triggering Word of mouth events

All partners will organize an event to present the project results during the Code Week

E-events

All partners will organize webinar for the Coding Community
